

International Conference “Science Education in School” – 4th edition International Contest “Stars of Science”

19.04.2013 - Festivitatea de deschidere/ Opening ceremony		
9.30-9.35	Camelia Bucșă	Director of School no. 28 Galați
9.35-9.40	Laura Marin	General School Inspector of the Galati County Inspectorate
9.40-9.45		Representative of the Town Hall in Galati
9.45-9.50	Emil Strungă	Director of the Natural Science Museum Complex Galati
9.50-9.55	Pamfilia Dumitrașcu	Director of the National College "Alexandru Ioan Cuza" Galati
9.55-10.25	Robotics club	Demo session of the robotics club of the National College "Al. I. Cuza "
10.25-10.35	Break	
19.04.2013 - Sesiune de comunicări / presentations		
10.35-10.45	Adelina Sporea - Romania	Inquiry based science and technology education promoted by a national research project
10.45-11.00	Edith Saltiel - France	La main à la pâte en France: ses actions et ses projets
11.00-11.15	Evgenia Sendova – Bulgaria	Stars and fractals with turtle geometry
11.15-11.30	Nilgun Erentay – Turkey	Recognizing Nature's Wisdom through Science and Art: S.O.S. Project is Connecting Kids and Nature
11.30-11.45	Ed van den Berg - Holland	IBSE: manipulating equipment or manipulating ideas, hands-on or minds-on?
11.45-12.00	Suzanne Kapelari - Austria	Investigating Plants - Inquiry based science learning for a sustainable future
12.00-12.15	Ana Gostincar Blagotinsek – Slovenia	Enhancing science learning by IBSE
12.15-12.30	Dragana Milicic – Serbia	Experience in the application of IBSE method in teaching science in Serbia
12.30-12.45	Toni Chehlarova– Bulgaria	IT in support of the inquiry based approach in learning mathematics 1-12 grades
12.45-12.55	Lavinia Tofan - Romania	Improvement of science education in primary and secondary school by means of inquiry based and problem based learning
12.55-13.05	Carmen Paduraru - Romania	Development of teaching materials to deepen some issues of ecology and environmental protection for high school education

13.05-13.15	Dan Sporea - Romania	Creative Little Scientists – a European project
19.04.2013 - Cursuri pentru cadrele didactice / Workshops for teachers		
15:00 – 17:30	Edith Saltiel	Le pendule
15:00 – 17:30	Evgenia Sendova and Toni Chehlarova	Dynamic environments and manipulatives in support of the IBL for 1-4th grade
15:00 – 17:30	Ed van den Berg	“Experimenting” with concept cartoons
15:00 – 17:30	Suzanne Kapelari	Hands on Botany - Inquiry based science learning activities for 8-13 year olds
15:00 – 17:30	Ana Gostincar Blagotinsek	Light and colour
15:00 – 17:30	Dragana Milicic	Nature by numbers
